## Frontend Developer | React & React Native | Supabase

Frontend-focused developer with experience building web and mobile applications using React and React Native. Developed backend features using Supabase, including authentication, wallet transactions, and savings group systems. Experienced in Agile environments and passionate about building scalable, user-focused applications.

## TECHNICAL SKILLS

Frontend: React, JavaScript, HTML, CSS

Mobile: React Native (Expo)

Backend: Node.js, REST APIs, Supabase

Databases: SQL

Cloud & DevOps: AWS (EC2, S3), Azure Fundamentals, Docker, Jenkins

Tools: Git, GitHub, VS Code, Agile

## RELEVANT EXPERIENCE

### Contribiia — Full-Stack Developer (Backend-Focused Capstone Project)

Bow Valley College | Jan 2026 – Apr 2026

- Built backend features for a fintech group savings application using Supabase
- Implemented authentication, user profiles, and verification flow
- Developed wallet system supporting deposits, withdrawals, and transfers
- Built club system for creating and managing savings groups
- Integrated secure transactions using RPC functions
- Enforced Row-Level Security (RLS) to protect sensitive financial data
- Collaborated on frontend development using React Native to implement UI screens and API integration

### Bow Course Registration — Full-Stack Web Application

Team-Based Academic Project | Bow Valley College

- Designed and developed a full-stack course registration system from scratch
- Built backend services using Node.js and REST APIs
- Designed and queried SQL databases for students, courses, and registrations
- Developed responsive frontend using HTML, CSS, JavaScript, and React
- Used Git/GitHub for version control and team collaboration

### Mobile Application Development — React Native

- Developed cross-platform mobile applications using React Native (Expo)
- Implemented navigation, API integration, and application logic
- Tested and debugged UI and functionality issues across devices

### Personal Portfolio Website

- Built responsive portfolio to showcase projects and skills

## EDUCATION

### Diploma – Software Development

Bow Valley College, Calgary, Alberta
